

For almost 1000 years, Arínzano has been cultivating the mystery of Time and Nature. Located in an incomparable valley, magnified by its microclimates, the stone, the earth and the water give rise to an exceptional terroir conducive to the singular expression of three great varieties of wine. The estate has been successively owned by monks, lords and wine families, but it has always had a vocation linked to wine. Today, in the center of this magnificent valley crossed by the Ega River and the Cierzo wind, Arínzano reveals wines that preserve the strength and grace of Time and Earth.

Arínzano, a thousand years of mystery.

This rosé is born in the vineyard. Thanks to a direct pressing and a subsequent aging on lees in post-fermentation, it reveals a charming, vibrant and elegant character. The perfect partner in crime for the spring-summer season.
